## Siemens Logistics and Airport Solutions at the Bahrain International Airport Development Forum (BIADF) 2015

Siemens Logistics and Airport Solutions hosts an attractive booth at this year's Bahrain International Airport Development Forum (BIADF) from April 1 to 2, 2015, at the Gulf Convention Centre, Manama, Bahrain.

Visitors can meet Siemens at booth no. A2 and obtain detailed information of the company's complete portfolio for baggage, cargo, Airport IT and related services. In particular, Siemens introduces the following new innovative solutions:

- Baggage Vision System: optical character recognition (OCR) and barcode reading are combined to solve the challenge of non-readable bag tags.
- VarioSort TTS 1100: a new tilt-tray sorter helps airports to quickly and efficiently handle high baggage throughputs.

In the Middle East, Siemens Logistics and Airport Solutions is a leading supplier of integrated baggage and cargo handling solutions as well as operation and maintenance. References include for example the baggage handling systems at Dubai International, Abu Dhabi International Airport and the baggage transfer facility (TBF) at Bahrain International Airport. Siemens' cargo references include the Cargo Mega Terminal at Dubai International and the new Emirates SkyCargo terminal at Dubai World Central. Moreover, Siemens Logistics and Airport Solutions' carries out operation and maintenance services with own dedicated and experienced local teams on site.
